Fully catalogued with A-rated TecDoc data, Comline's dedicated product team constantly monitor the market and develop new references that keep our starter and alternator range in-tune with market demand. Interactive digital catalogues are available at www.comline.uk.com

Manufactured and tested with state-of-the-art machinery, Comline starters and alternators offer quality to rival the OE, with the competitive aftermarket pricing you would expect from Comline. It's a combination that is nothing short of perfect for your business.

SAVE TIME. SAVE MONEY

Choosing Comline starters and alternators will save you time and money. Gone is the tedious process of exchanging old units and chasing surcharge payments, a process which costs your business valuable time and resource.

AFTERMARKET EXPERTS SINCE 1991

PRODUCT QUALITY

With Comline, quality is paramount. Our aim is to provide reliability and consistency across the range and this ethos has helped establish Comline as a brand that is trusted time-after-time by customers around the world.

VALUE

Comline was founded on the principle of delivering quality parts that make a healthy profit margin for distributors, factors, retailers and garages alike. Today, every one of over 8500 parts is developed and sourced to reflect a philosophy of quality and genuine value-for-money.
